Hot Lunches are back!

In order to support our Snacketeria staff, all hot lunch orders need to be in by 9:30 a.m. If students arrive late, a sandwich and full lunch will be provided.

If families have not received your **reimbursement** for September or October weekly or monthly lunch orders, please stop by the office.

Open House

Canmore Collegiate High School (CCHS) is hosting an Open House on November 30th at 7p.m. There will be former Exshaw student ambassadors on hand who can give directions, tours or just chat about what their experience is like at CCHS. Students will be doing learning activities (including a basketball game, a dissection, and some bike repairs going on) All are welcome and grades 7 and 8 students are encouraged to attend.

Volleyball

Îsnîyes to Mr. Krohe for coaching our Jr High students in volleyball. It was great to see students in action at our mini-tournament!

Attendance

Attendance and arriving at school on time is an important part of student success & learning. Please continue to contact the school attendance line if your child will be away. There has been a lot of illness lately and we appreciate your support in sending your child to school, healthy and well rested. We want everyone to stay healthy as we head into the holiday season.

Renfrew Educational Services

Funding from Jordan's Principle is available to families through Renfrew Educational Services. They operate out of Bearspaw Youth Centre, and are affiliated with Stoney Nakoda Health. There is a psychology team, speech-language therapy team and an occupational therapist. To make referrals you can call the Stoney Health Centre directly at 403-881-3920

Connecting with Teachers

We had a lot of snow in early November, and thank those families who were able to join us for parent teacher conferences. If you were not able to attend, please ensure that you connect with your child's teacher.

Recommendations from AHS:

- stay home when feeling sick;
- if possible, avoid close contact with people who are sick;
- wash hands frequently with soap and warm water for at least 20 seconds or use alcohol based hand sanitizer;
- cover your cough, avoid touching eyes, nose, or mouth with unwashed hands; clean and disinfect frequently touched surfaces and items at home, especially when someone in your home is sick.
