## Sources of information for families during potential labour interruption

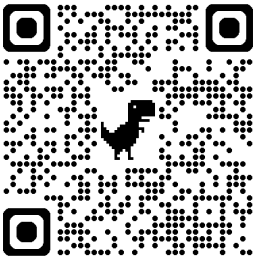

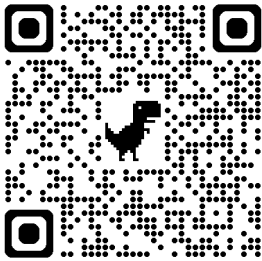

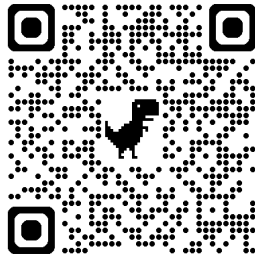

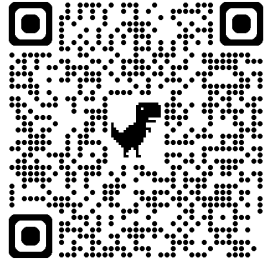

### CRPS Labor Relations Update: October 2, 2025 (website: <https://www.crps.ca/news/post/labour-relations-2025>)

On September 29, 2025, the Alberta Teachers' Association (ATA), which represents teachers and school administrators across the province, announced it will begin labour action in the form of a general strike starting Monday, October 6, 2025.

A general strike means that teachers and school administrators are required to stop all services and leave Canadian Rockies Public Schools (CRPS) facilities. **All CRPS schools, including online, will be closed starting Monday, October 6. We hope that this does not last long.**
